June 28, 2018

Topsham Planning Board,

On Thursday, June 21st the Topsham Board of Selectman directed the Town Manager to inform Crookers Construction LLC that the Board of Selectman would not consider a Special Town Meeting in October to address their request for zoning changes in the Pejepscot area. Additionally, the Board has requested a workshop with the full Planning Board to be scheduled for late July.

The Board of Selectman unanimously agree a request such as this should be presented at the Town Meeting in May. A zoning change of this magnitude represents a significant alteration to established neighborhoods and requires an inordinate amount of review and consideration by yourself and town staff to reach a successful conclusion for all of parties involved and Topsham as a whole.

We look forward to sitting down with the entire Planning Board in our joint workshop in a few weeks.

Thank You,

David M Douglass Jr, Chairman
Topsham Board of Selectman

Cc: Richard Roedner, Town Manager
Topsham Planning Department
