Riverside A (by Cow Island) is nearest to the footpath / roadway

Access to these fields is either down the wooded path (across the street from the baseball backstop on Foreside) or down the gated dirt road (toward the American Legion home).

Only emergency and handicapped vehicles are allowed on the access road!

(Contact the Parks and Recreation Department (725-1726) if you need help to ensure access is available)

Boy's and Girl's Division (coed)

The Topsham Parks and Recreation Department strongly urges parents to consider having their child wear a mouth guard. This is a preventive suggestion, and something that will be asked of them if they continue to play soccer at higher levels.

Please remember to let your team's sponsor know how important they are to this program !
