Staff updates:

Feb 4. at 6:30pm is the date for the next public workshop; Skye had to get an ad in the Cryer and made an executive decision to set the date. The calendar date is wrong on it but the actual date is in bold.

Old Business:

1. Update on Selectboard presentation: Nick made a Selectboard presentation and felt it was a warm reception. They asked good questions. Nick said we would be following up on the actions in the Plan once it gets approved (when asked what we would do after the Plan is approved.). The SB called on all the committees to ask the same question, not just the Energy Committee.
2. Review updated [GHG inventory](#).
Question came up about the 2nd workshop re. the prioritized actions (dots) - Skye will be providing those priorities to us soon. Social vulnerability report has gone to Skye as well and she'll be getting those to us soon as well. The Committee went through the Inventory briefly and went over everyone's comments. Josh from the Planning Office will be finishing up graphics for the Plan by January 10. Committee members would like to see timelines and responsible parties attached to the action items.
3. Select date for third workshop first week of February (Set for Feb. 4. - see above)
4. Discuss promotions of meeting:
We had discussed getting the draft at least a week before the workshop. To that effect, we want to include a barcode on the promotional materials.

- a. Posters: If anyone wants to pick up flyers to post, you will have to pick them up from Skye. Keep an eye out for emails from Skye about this (week of New Year's).
- b. Cryer: Skye put an ad in the January Cryer.
- c. Facebook: Skye will send a text to Pam to go up on Facebook.
- d. Electronic sign: Town will do this.

Other: Victor and Nancy did the MTA energy tour. The heat pump is very sophisticated.

2nd Invitation for Public Comment: None

Next agenda: Prioritizing actions. Pay attention to January emails to review documents and be ready for the workshop.

Motion: Victoria vote to adjourn, Victor 2nd, AIF.
