Subject: Remote Nonprofit Meetings

John and Susan - Attached is the new statute that allows the board of directors to set a remote membership meeting (provided it doesn't conflict with your bylaws or articles of incorporation).

The board of directors could already meet via telephone or other similar communications method pursuant to

<http://legislature.maine.gov/statutes/13-B/title13-Bsec705.html>

(again provided it doesn't conflict with your bylaws or articles of incorporation). Thanks, Mark
