I. Welcome, Introductions and Agenda Review

II. ReCODE Topsham

FAQ in process - discussed the FAQ

In 3-4 weeks we will get the first draft of part of the start of new code.

Target finishing the FAQ soon, 2 weeks from now, beginning of Thanksgiving week, post it on the website. It can be a living document, with additional added.

Williston, VT's plan/website is a great example for us to look at as a model. Susan will share.

III. Complete Streets

What is needed next? Bring it to a Select Board workshop. Consider Nov 18th - Rod will speak with Derek.

Target a letter to the editor for the Times Record to correlate with the Select Board meeting? RLS can start drafting what this letter might look like and share with the committee for co-edit.

IV. Other

For next workshop (mid-month meeting) - go through the Comp Plan implementation matrix near-horizon items and see which ones seem most timely and important.
