

## Manager's Report

### Selectman's Meeting

November 7, 2019

This past Tuesday was Election Day. 22% of Topsham voters showed up to vote. Matt Nixon and Marie Brillant were the two winners for the Board of Selectmen.

We did have some issues at the Fairgrounds, including some uneven surfaces that resulted in a couple of falls, and non-existent lighting once it got dark. Turns out that during a recent storm these lights were also disabled, but the Fairground and CMP weren't aware of it prior to the elections. But we brought out a fire truck with flood lights for the evening, and we made it through. We are looking at ways to make sure that these types of snafus don't happen in the future. We also reversed the flow within the building, and by and large, it seemed to go much more smoothly than in the past.

This coming Monday, November 11, is Veteran's Day, and all town offices will be closed to honor those who have served our country.

If you are looking for that special present for Christmas, and you own a dog, you can surprise your pet with its annual registration early this year. Licenses are now available from the Tax and Clerk's office.
